

BOXX[®]

Coat Cupboard (closed)
1650H x 400W x 550D

Coat Cupboard (open)
1650H x 400W x 550D

BOXX Storage Range

Heavily influenced by trends in Europe, the BOXX storage range comprises of tambour, glass, solid door and open units, BOXX has been designed from the inside out, to house as much as possible in the smallest floor space. Flexible sizing, internal accessories and shelf adjustments can house your current and future filing and storage needs. Non-standard sizes and special finishes can be manufactured to create good looking efficient workspaces

BOXX Storage Combination all 1650H.

Solid Door Unit
1650H x 1000W x 550D

Open Unit
1650H x 1000W x 550D

Glass Door Unit
1650H x 1000W x 550D

Tambour Unit (closed) 1650H x 1000W x 550D

Tambour Unit (open) 1650H x 1000W x 550D

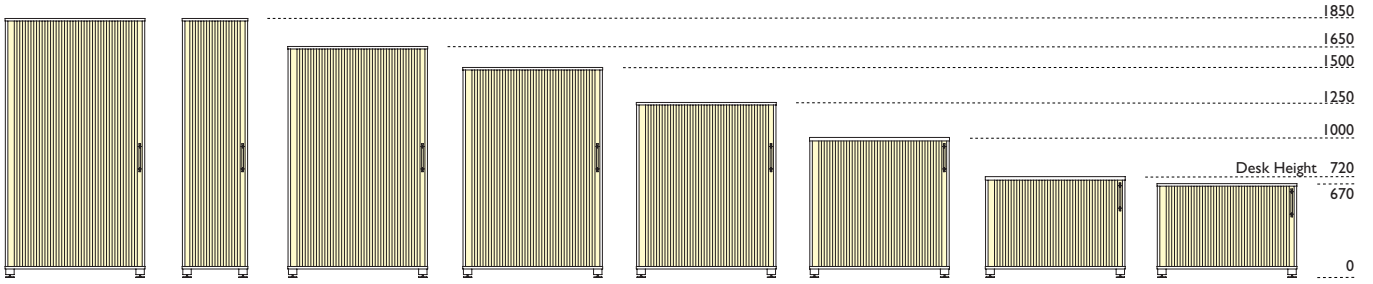

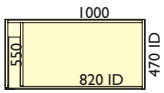

BOXX Useful Points

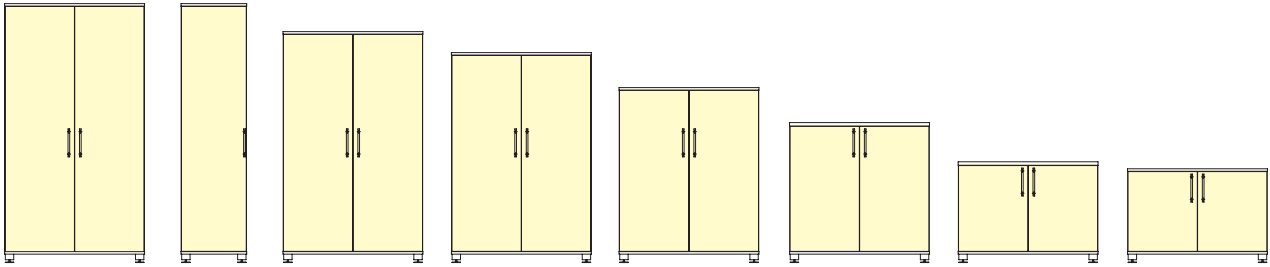

- BOXX tambours use less of your valuable floor space because access area to storage is reduced.
- BOXX can be made to mix and match with any finish of existing furniture or fit out specification.
- BOXX combinations can be arranged to suit any requirements within a workspace.
- BOXX interchangeable doors that can be changed or easily fitted later.
- BOXX adjustable shelves maximise vertical storage potential.
- BOXX is designed in efficient 200mm metric modules. However other sizes can be accommodated if required.
- BOXX is upgradeable with standard accessories that can be supplied with new units or easily retrofitted.
- BOXX accessories solve filing problems.
- BOXX is secure. All tambours are lockable, but any door type can be locked. All keying options are available with a master key if desired.
- BOXX feet are adjustable to help accommodate variance in floor plates.
- BOXX uses “Freiberg eco-design” principles and is made from local materials wherever possible.
